O. Reg. 167/80, s. 22.

23. Where pursuant to a by-law passed under subsection 4 of section 507 of *The Municipal Act* the amount to be provided for county purposes by a lower tier municipality in the year 1980 has been calculated on the basis of an assessment roll as returned to the clerk of that municipality pursuant to section 46 of *The Assessment Act* instead of a last revised assessment roll as certified in accordance with section 47 of that Act, the clerk of the county shall, upon receiving the statement of the actual equalized assessment of that municipality and of any other lower tier municipality required to forward such a statement to him in that year under subsection 3b of section 507 of *The Municipal Act*, forthwith make the determinations prescribed by sections 17, 18 and 19 using the equalized assessment of each lower tier municipality based on its assessment roll as last revised and certified. O. Reg. 167/80, s. 23.

24. To enable the clerk of the county to make the determinations mentioned in section 23, the clerk of a lower tier municipality that is required to forward a statement to the clerk of the county under subsection 3b of section 507 of *The Municipal Act* in the year 1980 shall include in that statement the additional information required to be indicated in a statement under section 14 based on the assessment roll of that municipality as last revised and certified. O. Reg. 167/80, s. 24.

25. Upon making the determinations mentioned in section 23, the clerk of the county shall determine the percentage share of the amount required for county purposes that each municipality within the county ought to have contributed according to the proportion that the equalized assessment of each municipality based on its assessment roll as last revised and certified bears to the total of such assessments of all the municipalities within the county. O. Reg. 167/80, s. 25.

26. Notwithstanding section 25, where a constrained equalized assessment has been attributed to a municipality under section 23, that constrained equalized assessment shall be deemed to be the equalized assessment of that municipality for purposes of section 25. O. Reg. 167/80, s. 26.

27. Upon determining the percentage share of each municipality within the municipality under section 25, the clerk of the county shall apportion the amount required for county purposes in the year 1980 among each of such municipalities in accordance with those percentage shares and the amount apportioned to a municipality under this section less any amount payable to the county in respect of that municipality under section 22 or where applicable, under subsection 4 of section 29, shall be deemed to be the adjusted amount required to be provided for county purposes by such municipality under subsection 3b of section 507 of *The Municipal Act*. O. Reg. 167/80, s. 27.

28. Where a by-law of a county passed under subsection 4 of section 507 of *The Municipal Act* is amended by a by-law passed under subsection 7 of the said section 507, the amending by-law shall specify the amount to be provided by each municipality within the county for county purposes in the year 1980 which amount shall be the amount that would have been requisitioned from the municipality in accordance with its percentage share as set out in the amended by-law less any amount payable to the county in respect of that municipality under section 22. O. Reg. 167/80, s. 28.

29.—(1) Where the Municipal Board upon an appeal under subsection 9 of section 507 of *The Municipal Act* determines that the equalized assessment of a lower tier municipality based on its 1980 equalization factor as stated by the clerk of the lower tier municipality under subsection 2 of section 507 of *The Municipal Act* should be altered, the clerk of the county in which the lower tier municipality is situate shall determine what the percentage share of each lower tier municipality in the county would have been under subsection 4 of section 507 of *The Municipal Act* as modified by section 13 if the equalized assessment of the lower tier municipality as altered by the Municipal Board had been the equalized assessment of that lower tier municipality based on its 1980 equalization factor.

(2) The clerk of the county shall then determine what the percentage share calculated for each lower tier municipality within the county under subsection 1 of section 20 would have been if the altered equalized assessment of the lower tier municipality to which subsection 1 applies, had been the equalized assessment of that lower tier municipality based on its 1980 equalization factor.

(3) Where the amount that would have been provided by a lower tier municipality for county purposes in the year 1980 based on its percentage share as determined under subsection 1 exceeds 105 per cent of the amount that would have been so provided by that lower tier municipality based on its percentage share as determined under subsection 2, an amount equal to the excess shall be paid by the Minister of Intergovernmental Affairs to the county in which the lower tier municipality is situate.

(4) Where an amount is payable in respect of a lower tier municipality under subsection 3, no amount shall be payable in respect of that municipality under section

22 and, where a payment has been made under section 22, the Ministry shall make any necessary adjustments. O. Reg. 167/80, s. 29.

30. Where the Municipal Board upon an appeal under subsection 9 of section 507 of *The Municipal Act* alters the percentage share to be contributed for county purposes by a lower tier municipality within a county as set out in a by-law of the county under the said section 507, the amount to be contributed for county purposes in the year 1980 by the lower tier municipality under the by-law shall be the amount apportioned to the lower tier municipality in accordance with its percentage share as altered less the amount, if any, payable to the county in respect of the lower tier municipality under section 22 or where applicable under subsection 3 of section 29. O. Reg. 167/80, s. 30.

31. Section 30 applies with necessary modifications to an adjustment of percentage shares made by the Municipal Board under subsection 16 of section 507 of *The Municipal Act*. O. Reg. 167/80, s. 31.

32.—(1) In this section,

- (a) "special county area" means an area comprised of those lower tier municipalities among which a special county levy is to be apportioned in the year 1980;
- (b) "special county levy" means an amount apportioned among and levied upon or requisitioned from two or more lower tier municipalities by a county on the basis of equalized assessment where that amount does not include amounts required for school purposes and is not included in the amount apportioned under section 507 of *The Municipal Act*.

(2) Sections 12 to 31 apply with necessary modifications to a special county levy of a county in the year 1980 and to the special county area as if the special county levy were a requisition of the county under subsection 4 of section 507 of *The Municipal Act* and the special county area were the county. O. Reg. 167/80, s. 32.

(3) For the purposes of this Part the equalized assessment of an upper tier municipality based on its 1980 equalization factor or its 1979 equalization factor, as the case may be, is the total of the equalized assessments of the lower tier municipalities within the upper tier municipality based on the 1980 or 1979 equalization factors of those lower tier municipalities, and the weighted equalized assessment of an upper tier municipality based on its 1980 or 1979 equalization factor shall be determined in a corresponding manner. O. Reg. 167/80, s. 33.

34. Subject to section 38, the weighted equalized assessment of a municipality based on its 1980 equalization factor shall be deemed to be the equalized assessment of that municipality for apportionment purposes in the year 1980. O. Reg. 167/80, s. 34.

35. In the year 1980, the Ministry shall determine in respect of each local board,

- (a) the weighted equalized assessment of each municipality within the local board area based on the 1980 equalization factor of that municipality;

- (b) the weighted equalized assessment of the local board area based on 1980 equalization factors;

36. The Ministry shall identify,

- (a) each municipality within the local board area that has a percentage change index for its weighted equalized assessment that exceeds 105 per cent of the percentage change index for the weighted equalized assessment of the local board area; and
- (b) each municipality within the local board area that has a percentage change index for its weighted equalized assessment that is less than 95 per cent of the percentage change index for the weighted equalized assessment of the local board area. O. Reg. 167/80, s. 36.

37. The Ministry shall,

- (a) reduce the weighted equalized assessment of each of the municipalities identified under clause *a* of section 36 to the weighted equalized assessment that would have resulted if the percentage change index for the weighted equalized assessment of the municipality had been only 105 per cent of the percentage change index for the weighted equalized assessment of the local board area; and
- (b) increase the weighted equalized assessment of each of the municipalities identified under clause *b* of section 36 to the weighted equalized assessment that would have resulted if the percentage change index for the weighted equalized assessment of the municipality had been 95 per cent of the percentage change index for the weighted equalized assessment of the local board area,

and the weighted equalized assessment of a municipality as so reduced or increased shall be the constrained weighted equalized assessment of the municipality. O. Reg. 167/80, s. 37.

38. Where the weighted equalized assessment of one or more municipalities within a local board area is

reduced or increased by the Ministry under section 37, the resulting constrained weighted equalized assessment of each such municipality shall be deemed to be the equalized assessment of that municipality for apportionment purposes in the year 1980. O. Reg. 167/80, s. 38.

39.—(1) The Ministry shall notify each local board that is to make an apportionment of an amount in the year 1980 of the proportions in which the amount shall be apportioned among the municipalities within the local board area as required by the Act establishing the local board as altered by sections 34 and 38.

(2) The Ministry shall submit to each local board, to which subsection 1 applies, a statement showing the information mentioned in clauses *a* to *e* of section 35, and the constrained weighted equalized assessments determined under section 37, and the calculations which produced that information, and those constrained weighted equalized assessments.

(3) A local board shall, upon receipt of the statement referred to in subsection 2, forthwith forward a copy of the statement to the clerk of each municipality within the local board area. O. Reg. 167/80, s. 39.

40.—(1) Each local board shall forward to the Ministry a statement showing the total amount apportioned among the municipalities within the local board area pursuant to the Act establishing the local board as modified by sections 34 and 38 and the portions of that amount apportioned to each such municipality.

(2) The Ministry shall determine what amount would have been apportioned to each municipality in the local board area in the year 1980 if the apportionment had been made on the basis of the weighted equalized assessments of all the municipalities within the local board area based on their 1979 equalization factors instead of on their 1980 equalization factors as if section 38 had not been in force.

(3) Where an amount apportioned by a local board to a municipality pursuant to the Act establishing the local board as altered by sections 34 and 38, exceeds 105 per cent of the amount determined for that municipality under subsection 2, there may be paid to that municipality by the Minister of Intergovernmental Affairs an amount equal to the difference between the amount so apportioned and 105 per cent of the amount determined for that municipality under subsection 2.

(4) An amount payable to a municipality under subsection 3 in respect of the levy or requisition of a local board shall be allocated by the municipality to the local board and shall be deducted by the municipality from the levy or requisition of the local board in the year 1980, and the net amount so determined shall be the amount to be raised by the municipality in the year 1980 in respect of that levy or requisition. O. Reg. 167/80, s. 40.

41.—(1) Where the weighted equalized assessment of a municipality within a board area is altered in the

year 1980 as a result of an appeal under the Act establishing the local board, notice of the altered weighted equalized assessment shall be given forthwith by the clerk of the municipality to the Ministry.

(2) Upon being satisfied that all appeals of the weighted equalized assessment of all the municipalities within a local board area have been determined and that all the notices required under subsection 1 have been received, the Ministry shall, using the altered weighted equalized assessments in place of the equalized assessments appealed,

- (a) make the determinations required by section 35; and
- (b) in the manner set out in sections 36 and 37, identify any municipality within the local board area eligible for a constrained weighted equalized assessment and determine the amount of such constrained weighted equalized assessments appealed,

(3) The Ministry shall apportion the amount required by the local board in the year 1980 among the municipalities within the local board area on the basis of the weighted equalized assessment of each of such municipalities as determined under subsection 2, except that where a constrained weighted equalized assessment was determined for such a municipality under that subsection, the constrained weighted equalized assessment of the municipality shall be used in place of its weighted equalized assessment for purposes of the apportionment under this subsection.

(4) The Ministry shall forthwith notify the local board and each of the municipalities within the local board area of the amount apportioned to each such municipality under subsection 3.

(5) The amount apportioned to a municipality within a local board area under subsection 3 shall be deemed to be the amount that ought to have been apportioned to that municipality by the local board in the year 1980 and where such amount differs from the amount actually apportioned by the local board to that municipality in the year 1980 the necessary adjustments shall be made in accordance with the Act establishing the local board. O. Reg. 167/80, s. 41.

42. Where the weighted equalized assessment of one or more municipalities within a local board area is altered in the year 1980 as a result of an appeal of its equalized assessment under the Act establishing the local board, the Ministry shall make the determinations required under subsections 2 and 3 of section 40 using the equalized assessments as altered in place of the equalized assessments as appealed and on the basis of such determinations it shall make any necessary adjustments to the amounts payable by the Minister of Intergovernmental Affairs under subsection 3 of section 40. O. Reg. 167/80, s. 42.

43. Notwithstanding anything in this Part, for the purposes of an apportionment made by a conservation

authority, the equalized assessment of a municipality based on its 1980 equalization factor and the equalized assessment of such municipality based on its 1979 equalization factor shall, for the purposes of sections 33 to 42, be deemed to be the weighted equalized assessment of the municipality based on its 1980 equalization factor and the weighted equalized assessment of the municipality based on its 1979 equalization factor and the weighted equalized assessment of the municipality based on its 1979 equalization factor respectively, and the actual weighted equalized assessments of that municipality based on its 1980 and 1979 equalization factors shall not be used in performing the operations and making the determinations prescribed by those sections. O. Reg. 167/80, s. 43.

(2) Where a determination is made under subsection 1 in respect of an apportionment and levy or requisition of a county, regional municipality or local board, that apportionment and levy or requisition shall be adjusted in accordance with the corrected calculations and any overpayment or underpayment by a lower tier municipality shall be corrected in the same manner as it is corrected following an appeal of a county apportionment by-law or of an equalized assessment being used for apportionment purposes, whichever is applicable. O. Reg. 167/80, s. 45.

46. Where pursuant to this regulation an adjustment is made by the Ministry of Intergovernmental Affairs, Ministry of Revenue or Ministry of Natural Resources, as the case may be, in the amounts payable by the Ministry of Intergovernmental Affairs to an upper tier municipality under Part I or II or to a lower tier municipality under Part III and where such Ministry determines as a result of the adjustment that an overpayment has been made to the municipality, it shall notify the municipality of the amount of the overpayment and the amount of the overpayment shall be paid forthwith by the municipality to the Ministry of Intergovernmental Affairs. O. Reg. 167/80, s. 46

 and *subject to these Conditions of Approval*.

1. The undertaking includes the widening, operation
 and maintenance of existing rural highways (by

 statement to this effect;
- (iii) From time to time, MTC shall arrange, with
 each Ministry and agency which advised

 affected" by a proposed project for purposes
 of subcondition (i);
- (iv) The ESR for every project within the Class
 shall be made available, at least 30 days, or
 such other period as MTC determines to be
 suitable in the circumstances, prior to any
 contract for carrying out the project being

4. This approval shall terminate on the earlier of the date on which approval of the undertaking under a new EA submitted pursuant to Condition 3 is received under *The Environmental Assessment Act*; or on January 1st of the fifth complete year after approval, or such later date as the Minister specifies by notice in writing to the proponent and in THE ONTARIO GAZETTE.
5. Each ESR shall include clearly stated proposals for mitigating any adverse effects on the environment identified in the ESR. MTC shall be responsible for ensuring, by site inspection and such other methods as may be necessary, that the construction of any part of the projects covered by this approval is carried out in accordance with the procedures, including the proposals for mitigating adverse effects, specified in the ESR, the class environmental assessment documents, and this approval and these conditions.

8. MTC shall begin developing a monitoring program on approval of the undertaking, to record and improve MTC's range of construction methods, their potential environmental effects, the range of abatement steps to minimize adverse effects and a range of conditions under which a selected method will be used.

The Manual shall be amended to reflect the results of this program, and shall take account of and incorporate, where necessary, the concerns set out in this Review, and shall be submitted to the Minister of the Environment for approval at the same time as, and as part of, the submissions of the revised Class EAs as required by Condition 3. MTC shall advise the Director of the Environmental Approvals Branch (MOE) from time to time but at least annually as to the Manual's progress.

9. MTC shall make appropriate changes to manuals and construction documents to clarify the contractor's responsibility to ensure that the disposal of excess excavated material or wood, asphalt, etc., is carried out in an environmentally acceptable manner and to the satisfaction of the owner of the land on which the material is disposed.

- (b) "current cost of operating" means in respect of a board, its current cost of operating for 1980 as defined in section 1 of Ontario Regulation 228/80 except that, in respect of a board appointed under section 68 of the Act, the current expenditure for 1980 for all furniture and equipment and all debt charges as defined in section 1 of Ontario Regulation 228/80 are excluded therefrom;
- (c) "elementary school pupil" means an elementary school pupil as defined in section 1 of Ontario Regulation 228/80;
- (d) "pupil accommodation charge" means pupil accommodation charge as defined in section 1 of Ontario Regulation 228/80;

- (g) "technological studies" means the courses developed from curriculum guidelines that are issued by the Minister for the intermediate division and senior division and listed under the heading "Technological Studies" in circular H.S. 1 issued by the Ministry.

(2) Where a board of education provides instruction for one or more pupils in respect of whom fees are receivable, the fees shall be calculated under this Regulation as if the board of education were a public school board and a secondary school board. O. Reg. 229/80, s. 1.

2.—(1) Subject to subsection 2 and to sections 3 and 6, where a board provides instruction for pupils whose fees are receivable from another board or from Canada, the fees shall be calculated by,

- (a) subtracting from the current cost of operating of the board that provides the instruction the

- (b) multiplying the average daily enrolment of the elementary or secondary school pupils whose fees are receivable from the other board or from Canada, as the case may be, by the sum of,
 - (i) the amount determined under clause *a*, and
 - (ii) except where the board that provides the instruction is a board appointed under section 68 of the Act, the pupil accommodation charge for such pupils.

(2) Where a board has entered into an agreement under subsection 2 of section 162 of the Act that provides for a payment by the Crown in right of Canada to provide classroom accommodation for a specified number of pupils, the pupil accommodation charge for each such pupil shall, notwithstanding clause *d* of subsection 1 of section 1, be deemed to be zero. O. Reg. 229/80, s. 2.

3. Where a board appointed under section 68 of the Act operates a school in a centre for the treatment of cerebral palsy, a crippled children's treatment centre, a hospital or a sanatorium and provides instruction therein for pupils whose fees are receivable from any source, the fee for such a pupil shall be calculated by,

- (a) adding to the current cost of operating of the board for the year in which it provides the instruction, the portion approved by the Minister for grant purposes of the expenditure for such year for the transportation of pupils, and deducting from the total thereof the general legislative grants payable to the board for such year except a grant that is equal to the cost of education;
- (b) dividing the amount determined under clause *a* by the sum of the days on which each pupil is enrolled at the school; and
- (c) multiplying the amount determined under clause *b* by the number of days for which the pupil whose fee is being calculated is enrolled at the school. O. Reg. 229/80, s. 3.

4. Where a board, except a board appointed under section 68 of the Act, provides instruction for a pupil in respect of whom fees are required to be paid, other than a pupil whose fees are receivable from another board or from Canada, and the parent or guardian of the pupil is resident in Ontario, the fees payable on behalf of the pupil shall be such as the board may prescribe but the fees charged in respect of such pupil shall not exceed the product of the number of months of the year during which the pupil is enrolled in a school operated by the board that provides the instruction and one-tenth of the quotient obtained by dividing,

(a) the excess of,

- (i) the sum of the amounts that the board that provides the instruction requisitioned, levied or caused to be levied in the preceding year for public, secondary or separate school purposes, as the case may be,

over,

(ii) the sum of,

- a. the payments in lieu of taxes for 1979 in section 1 of Ontario Regulation 108/79 in respect of, and
- b. the portions allocated to the board for 1979 of tax levied under section 304a of *The Municipal Act* by,

the municipalities and localities within the jurisdiction of the board, for public, secondary or separate school purposes, as the case may be,

by,

- (b) the average daily enrolment for such preceding year of resident-internal pupils and resident-external pupils of the board that provides the instruction. O. Reg. 229/80, s. 4.

5. Where in any year a board provides instruction for a pupil in respect of whom fees are required to be paid and whose parent or guardian does not reside in Ontario, the fees payable by or on behalf of the pupil shall be such as the board may prescribe but, subject to subsection 4 of section 6, shall not exceed the product obtained by multiplying,

- (a) one-tenth of the sum of the quotient determined under clause a of subsection 1 of section 2 and the pupil accommodation charge for the pupil,

by,

- (b) the number of months during which the pupil is enrolled in such year in a school operated by the board that provides the instruction. O. Reg. 229/80, s. 5.

6.—(1) In this section “high-cost program” means,

- (a) a program of special education;
- (b) a program for trainable retarded children;
- (c) a program that includes technological studies that qualify in a school year for three or more credits toward the Secondary School Graduation Diploma; and
- (d) a program of grade 9 or 10 that is offered in an elementary school.

(2) Where the ratio of the average daily enrolment of elementary school pupils whose fees are receivable from another board or from Canada and who are registered in a high-cost program to the average daily enrolment of elementary school pupils whose fees are receivable from the other board or from Canada, as the case may be, is greater than the ratio of the average daily enrolment of elementary school pupils registered in such high-cost program to the average daily enrolment of elementary school pupils registered at the schools of the board that provides the instruction, the fee for a pupil registered in a high-cost program, as determined by dividing the fees receivable in respect of elementary school pupils from the other board or from Canada, as the case may be, under section 2 by the average daily enrolment of such pupils, may be multiplied by a factor to be agreed upon between the board that provides the instruction and the board from which or the party from whom the fee is receivable except that, in the case of a pupil registered in a program referred to in clause d of subsection 1, the factor shall not be greater than 1.135.

(3) Subsection 2 applies, with necessary modifications, to secondary school pupils.

(4) Where a pupil to whom section 4 or 5 applies is registered in a high-cost program, the maximum fees payable in respect of such pupil shall be determined by multiplying the maximum fees under section 4 or 5, as the case may be, by a factor to be agreed upon between the board that provides the instruction and the party from whom the fees are receivable.

(5) Where under this section the board that provides the instruction and the other board or party concerned cannot agree upon a factor, the factor shall be determined by three arbitrators, one arbitrator appointed by the board that provides the instruction, one arbitrator appointed by the board from which or the party from whom the fee is receivable and one arbitrator appointed by the Minister, and the decision of the arbitrators or a majority of them is final and binding upon the board that provides the instruction and the other board or party concerned. O. Reg. 229/80, s. 6.

7. Where a board, except a board appointed under section 68 of the Act, provides an education program in a hospital or treatment centre that is not referred to in section 27 of Ontario Regulation 228/80 the fee payable in respect of a pupil who is not qualified to be a resident pupil of the board and for whom such an education program is provided shall be such as may be agreed upon between the board that provides the program and the parent or guardian of the pupil or the board of which the pupil is qualified to be a resident pupil. O. Reg. 229/80, s. 7.

8. This Regulation applies to fees for pupils in respect of the year 1980. O. Reg. 229/80, s. 8.

TORONTO, SATURDAY, APRIL 26th, 1980

The Ontario Highway Transport Board Act

PUBLIC NOTICE

Pursuant to the Board's policy statement of January 14th, 1980 on Class 'R' hearing procedures, the Board has:

- (i) held Class 'R' application hearings throughout the Province during February, March and April; and
- (ii) based on the evidence presented at these hearings, issued a report outlining its perception of trends in demand for Class 'R' vehicles in the 1980 construction season.

That report is hereby made available to the public.

B. B. ALEXANDER,
Chairman.

REPORT ON CLASS 'R' HEARINGS

In accordance with the policy statement of the Board, Class 'R' hearings were conducted throughout the Province during February, March and April.

The Board dealt with 236 applications during 23 days of hearings.

The format has been most helpful to the Board and we believe to the public. The most important benefits have been:

1. Allowing witnesses to support a number of applicants with one appearance has shortened the hearing process.
2. The total testimony of a large number of witnesses together with all available statistics and economic forecasts provided the Board with a comprehensive overview of the needs of all areas in the province in time to issue operating authority sufficient to meet the demand.

The Board granted certificates to 166 applicants. The total number of additional vehicles authorized by region is:

141 vehicles in Region 2

136 vehicles in Region 3

58 vehicles in Region 4

72 vehicles in Region 5

41 vehicles in Region 6

We believe the additional vehicles are generally sufficient to meet current demand. Evidence indicates demand will increase during the summer and reach a peak in early autumn, although it is very difficult to quantify demand, particularly in a year when high interest rates may drastically curtail residential and industrial construction.

Considering all the available evidence we believe the following forecast of Class 'R' requirements by region will be beneficial to prospective applicants. The Regions are listed in the order of greatest potential need during 1980.

REGION 6—

A buoyant forest industry and extensive highway construction is placing heavy demands on the Class 'R' industry. Additional vehicles will probably be required in this region.

REGION 3—

Demand for Class 'R' vehicles will be influenced by the amount of residential and industrial construction. Extensive industrial construction is planned for the Windsor-Sarnia area but evidence was inconclusive as to the amount that would be done in 1980. There is extensive highway construction in this region and additional vehicles may be required. At this time we believe the demand for 'R' vehicles in relation to supply will be much less than in 1979.

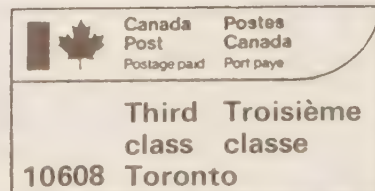

REGION 5—

The overall supply of 'R' vehicles is fairly good. Highway construction in the vicinity of North Bay and Huntsville may create local shortages and need for additional vehicles will be governed to some extent by carriers willingness to move from other areas. Some shortages were experienced in the District of Timiskaming in 1979 and additional vehicles may be required.

REGION 2—

This region has the greatest number of licensed Class 'R' vehicles and also the greatest potential for demand. It also has the highest percentage of vehicles authorized but unlicensed. As of January 9, 1980 in excess of 500 vehicles were authorized but not licensed. Shifts in the construction industry are a most important consideration. The available economic forecasts indicate there will probably be little need for additional Class 'R' vehicles in Region 2 during 1980.

REGION 4—

With the exception of some localized demand, for the most part due to highway construction in the Pembroke-Arnprior area, the region is well supplied with Class 'R' vehicles. During 1979 a number of Ottawa area operators worked in Region 6. We believe very few additional vehicles will be required during 1980.

The Board does not foresee a need for temporary or emergency authority to any extent during 1980. We are now in a position to deal with permanent applications to meet anticipated demand.

The Board will carefully monitor the situation and respond to any unforeseen demand.

Applicants are urged to obtain the necessary operating authority *before* purchasing their vehicles.

G. J. NORTON,
Vice-Chairman.
